Allergy abstracts from around the world. 57, 133, 196, 242, 309, 356
In Memoriam
French K. Hansel 57
George Edmond Rockwell 192
Boen Swinny 192
Abrahamson, Allan, Edward Wind, Lazar Fruchter and Jack Gorvoy: Recurrent mucoid impaction in an asthmatic infant with cow's milk protein allergy. (case report) 292
Accidental theophylline ingestion: linear first order elimination kinetics in an infant, Massive. (case report) Zack H Haddad and Richard Sakai. 178
Acquired persistent increase in nonspecific bronchial reactivity associated with isocyanate exposure. (case report) D W Cockroft. 93
Acrodermatitis enteropathica: correction with zinc therapy, Isolated IgG hypogammaglobulinemia in. (case report) Matthew C Wilson, Thomas J Fischer and Margaret M Riordan. 288
Active E rosette-forming cells in children with asthma and other atopic disease. (a communication from Japan) K Tomita, T Ikeda, M Chu and H Yabuuchi. 103
Acupuncture in patients with acute asthma, The bronchodilating effect of. (a communication from Japan) Tamotsu Takishima, Suetsugu Mue, Gen Tamura, Toshiharu Ishihara and Kazuo Watanabe. 44
Acute bronchial and cardiovascular effects of increasing doses of pirbuterol acetate aerosol in asthma. Michael R Littner, Donald P Tashkin, Barry Calvarese and Margarita Bautista. 14
Aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and Histamine, The protective effect of Ipratropium bromide. (a communication from Australia) P S Clarke, R. G Jarrett and G J L Hall. 180
Ahmed, Mumtazuddin and Abdul Aziz Ashoor: Effects of intramuscular depot-corticosteroid on the nasal mucosa in allergic rhinitis. (a communication from Saudi Arabia) 184
Alcoholic, depressive and schizophrenic patients, A study of antibody levels in. A Arthur Sugerman, D Loren Southern and James F Curran. 166
Ali, Mona K H, Harold W Clark, Thomaas MCP Brown, Joseph A Bellanti, Wagdi M Attia and Amira H Shams: Studies of phagocytic cell function in rheumatoid arthritis. I. Phagocytic and metabolic activities of neutrophils. 279
Ali, Mona K H, Joseph A Bellanti, Wagdi M Attia, Harold W Clark and Thomas McP Brown: Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. 21
Ali, Mona K H, Liu W Jang, Harold W Clark, Thomas McP Brown, Joseph A Bellanti, Wagdi M Attia and Amira H Shams: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283
Allalouf, David and Draga Creter: Kallikrein and prekallikrein determination in a number of pathological conditions using the Centrifichem analyzer. (a communication from Israel) 349
Allergens in commercial house dust. Lyndon E Mansfield and Harold S Nelson. 205
Allergens in hymenoptera venom. VIII. Immunologic comparison of venoms from six species of Vespula (yellow jackets). Donald R Hoffman and Chris A McDonald. 78
Allergens in hymenoptera venom. IX. Species specificity to Polistes (paper wasp) venoms. Donald R Hoffman and Chris A McDonald. 82
Allergy-clinical immunology training program for pediatric residents, An. Joseph A Church and Warren Richards. 227
Alveolitis due to milk allergy: case report and review of the literature, Extrinsic allergic. (a communication from India) (case report) 113
Anaphylactic reaction to zomepirac. (case report) Kenneth A Corre and Robert J Rothstein. 299
Antibody levels in alcoholic, depressive and schizophrenic patients, A study of. A Arthur Sugerman, D Loren Southern and James F Curran. 166
Antigen mixtures, A comparison of skin and bronchial reactivity in asthmatic patients using single, group related and unrelated. Edward G Buchsbaum, James L Kinney and William B Klaustermeyer. 267
Arthritis, Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid. Wagdi M Attia, Harold W Clark, Thomas McP Brown, Mona K H Ali and Joseph A Bellanti. 21
Ashoor, Abdul Aziz and Mumtazuddin Ahmed: Effects of intramuscular depot-corticosteroid on the nasal mucosa in allergic rhinitis. (a communication from Saudi Arabia) 184
Aspergillus species at a large southwestern army medical center, Frequency of clinical isolation and winter prevalence of different. Michel N Laham, Betty Jeffery and John L Carpenter. 215
Aspirin-induced asthma in children. Y Tan and C Collins-Williams. 1
Attia, Wagdi M, Amira H Shams, Mona K H Ali, Harold W Clark, Thomas McP Brown and Joseph A Bellanti: Studies of phagocytic cell function in rheumatoid arthritis. I. Phagocytic and metabolic activities of neutrophils. 279

INDEX TO VOLUME 48, 1982

Attia, Wagdi M, Amira H Shams, Mona K H Ali, Liu W Jang, Harold W Clark, Thomas McP Brown and Joseph A Bellanti: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283

Attia, Wagdi M, Harold W. Clark, Thomas McP Brown, Mona K H Ali and Joseph A Bellanti: Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. 21

B

Babu, C R and A B Singh: Survey of atmospheric pollen allergens in Dehli: seasonal periodicity. (a communication from India) 115

Barkin, Gilbert D: President's message. (editorial) A-4

Barrett, Doreen, Eunice Champlin and Peter Small: Chronic urticaria and vasculitis. 172

Bauman, Jay H, Bruce J Kimelblatt, Thomas R Caraccio, Harold M Silverman, Gilbert I Simon and Gustav J Beck: Cimetidine-theophylline interaction: report of four patients. (case report) 100

Bautista, Margarita, Michael R Littner, Donald P Tashkin and Barry Calvarese: Acute bronchial and cardiovascular effects of increasing doses of purbuterol acetate aerosol in asthma. 14

Beck, Gustav J, Jay H Bauman, Bruce J Kimelblatt, Thomas R Caraccio, Harold M Silverman and Gilbert I Simon: Cimetidine-theophylline interaction: report of four patients. (case report) 100

Becker, Allan B, Cathy A Gillespie, F Estelle R Simons and George H Luciuk: Ketotifen: a new drug for prophylaxis of asthma in children. 145

Beclomethasone dipropionate aerosol: hematologic and immunologic effects. Michael S Blaiss, Henry G Herrod, Lloyd V Crawford and Phillip L Lieberman. 210

Bellani, Mauro, Elide Pastorello, Carlo Zanussi, Claudio Ortolani and Umberto Cornelli: Sodium cromoglycate and provocation tests in chronic urticaria. (a communication from Italy) 50

Bellanti, Joseph A: The passing of the torch. 191

Bellanti, Joseph A, Wagdi M Attia, Amira H Shams, Mona K H Ali, Harold W Clark and Thomas McP Brown: Studies of phagocytic cell function in rheumatoid arthritis. I. Phagocytic and metabolic activities of neutrophils. 279

Bellanti, Joseph A, Wagdi M Attia, Amira H Shams, Mona K H Ali, Liu W Jang, Harold W Clark and Thomas McP Brown: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283

Bellanti, Joseph A, Wagdi M Attia, Harold W Clark, Thomas McP Brown and Mona K H Ali: Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. 21

Bennich, Hans H and S G O Johansson: The clinical impact of the discovery of IgE. 325

Bhat, Krishna D, William A Vekovius, Mickie S Debo and Peter B Boggs: The clinical significance of volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%) in assessing airway responsiveness to inhaled bronchodilator in asthmatics. 139

Bhat, Krishna D, William A Vekovius, Mickie S Debo and Peter B Boggs: Volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%): definition of "significant" responsiveness in healthy, normal subjects. 137

Blaiss, Michael S, Henry G Herrod, Lloyd V Crawford and Phillip L Lieberman: Beclomethasone dipropionate aerosol: hemotologic and immunologic effects. 210

Boggs, Peter B, Krishna D Bhat, William A Vekovius and Mickie S Debo: The clinical significance of volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%) in assessing airway responsiveness to inhaled bronchodilator in asthmatics. 139

Boggs, Peter B, Krishna D Bhat, William A Vekovius and Mickie S Debo: Volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%): definition of "significant" responsiveness in healthy, normal subjects. 137

Bookman, Ralph: Bronchial asthma: the viewpoint of a clinical allergist. (news bulletin and allergy forum) 65

Allergy and Clinical Immunology, by J Harlan Dix. Reviewed by Rufus E Lee Jr. 241

Bi-annual Review of Allergy: 1979–1980, ed by Claude Albee Frazier. Reviewed by Harold S. Nelson. 56 Book review

Celiac-Sprue and the Gluten Free Diet, by p m Garst. Reviewed by Angel R Colon. 355

Chloride and Human Physiology, by B J Starkey. Reviewed by James C Brenemean. 130

The Cellular Basis of the Immune Response, Second Edition, by Edward S Golub. Reviewed by Michael J Sweeney and Solomon D Klotz. 56

Contemporary Topics in Molecular Immunology, Volume 8, edited by F P Inman and W J Mandy. Reviewed by Robert E Smith. 130

The Epidermis in Disease, by R Marks and E Christophers. Reviewed by Ernst Epstein. 194

Manual of Allergy and Immunology Diagnosis and Therapy, edited by Glenn J Lawler Jr. and Thomas J Fischer. Reviewed by Solomon D Klotz. 194

Nutrition Cultism: Facts and Fiction, by Vitor Herbert. Reviewed by M Coleman Harris. 131

Office Dermatology, by Henry H Roenigh Jr. Reviewed by Ernst Epstein. 132

Ontogeny of the Immune System, Vol. 29, Progress in Allergy, edited by B H Waksman. Reviewed by Lyndon E Mansfield. 355

Primary Immunodeficiencies; Insem Symposium, ed by M Seligman and W H Wittig. Reviewed by Joseph A Bellanti. 55

Respiratory Aerosols 1980; Proceedings of the First Australian Symposium on Aerosols in Medicine, ed by Allen E Gale. Reviewed by Robert Moore. 55

Self Assessment of Current Knowledge in Allergy and Clinical Immunology, edited by Claude Albee Frazier. Reviewed by Lyndon E Mansfield. 241

Techniques in Clinical Immunology, edited by R A Thompson. Reviewed by Robert N Hamburger. 194

Bousquet, Jean, Francois R Michel and Jean L Menard: Comparison of three prick test methods with the intradermal test and with the RAST in the diagnosis of mite allergy. (a communication from France) 235

Brasher, George W, John C Starr and John Yunginger: Immediate type I asthmatic response to henna following occupational exposure in hairdressers. (case report) 98

Bronchial asthma: the viewpoint of a clinical allergist. (news bulletin and allergy forum) Ralph Bookman. 65

Bronchial asthma following exposure to ECG ink. (a communication from Belgium) (case report) D Rodenstein and D C Stanescu. 351

Bronchodilating effect of acupuncture in patients with acute asthma, The. (a communication from Japan) Tamotsu Takishima, Suetsugu Mue, Gen Tamura, Toshiharu Ishihara and Kazuo Watanabe. 44

Bronchodilator in asthmatics, The clinical significance of volume-adjusted maximal mid-expiratory flow (Iso-volume 25–75%) in assessing airway responsiveness to inhaled. Peter B Boggs, Krishna D Bhat, William A Vekovius and Mickie S Debo. 139

Bronchospasm induced by zomepirac sodium, Near fatal. (case report) Steven R Ross, Carl J Friedman and Edward J Lesnefsky. 233

Brown, Thomas McP, Joseph A Bellanti, Wagdi M Attia, Amira H Shams, Mona K H Ali, Liu W Jang and Harold W Clark: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283

Brown, Thomas McP, Joseph A Bellanti, Wagdi M Attia, Amira H Shams, Mona K H Ali and Harold W Clark: Studies of phagocytic cell function in rheumatoid arthritis. I. Phagocytic and metabolic activities of neutrophils. 279

Brown, Thomas McP, Mona K H Ali, Joseph A Bellanti, Wagdi M Attia and Harold W Clark: Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. 21

Buchsbaum, Edward G, James L Kinney and William B Klaustermeyer: A comparison of skin and bronchial reactivity in asthmatic patients using single, group related and unrelated antigen mixtures. 267

Bundgaard, Allan, and Anders Schmidt: Pretreatment of exercise-induced asthma by fenoterol delivered as inhalation powder and pressurized aerosol. (a communication from Denmark) 36

Bunnag, Chaweewan, Boonchua Dhorranintra and Angkana Plangpatanapanichya: A comparative study of the incidence of indoor and outdoor mold spores in Bangkok, Thailand. (a communication from Thailand) 333

C

Calvarese, Barry, Margarita Bautista, Michael R Littner and Donald P Tashkin: Acute bronchial and cardiovascular effects of increasing doses of pirbuterol acetate aerosol in asthma. 14

Caraccio, Thomas R, Harold M Silverman, Gilbert I Simon, Gustav J Beck, Jay H Bauman and Bruce J Kimelblatt: Cimetidine-theophylline interaction: report of four patients. (case report) 100

Cardiovascular effects of increasing doses of pirbuterol acetate aerosol in asthma, Acute bronchial and. Michael R Littner, Donald P Tashkin, Barry Calvarese and Margarita Bautista. 14

Carpenter, John L, Michel N Laham and Betty Jeffery: Frequency of clinical isolation and winter prevalence of different aspergillus species at a large southwestern army medical center. 215

Carter, R and D L J Freed: Neuropathy due to monosodium glutamate intolerance. (case report) 96

Catecholamines in specific hyposensitization, The role of. (a communication from Spain) F J Farrerons Co, M Farrerons Velasco and F Echevarne. 340

Cato, Allen, J Greg Perkins, Lyle H Hamilton and Susan L Chobanian: A study of sustained action pseudoephedrine in allergic rhinitis. 87

Centrifichem analyzer, Kallikrein and prekallikrein determination in a number of pathological conditions using the. (a communication from Israel) Draga Crete and David Allalouf. 349

Champlin, Eunice, Peter Small and Doreen Barrett: Chronic urticaria and vasculitis. 172

Cheng, Rhong-Fa and Kue-Hsiung Hsieh: Further study on the role of active T lymphocytes in human immunity to tuberculosis infection. (a communication from the Republic of China) 187

Chetty, Anbu: Extrinsic allergic alveolitis due to milk allergy: case report and review of the literature. (a communication from India) (case report) 113

Childhood status asthmaticus, Isoetharine-isoproterenol: a comparison of effects in. Lawrence J Newman, Warren Richards and Joseph A Church. 230

Children, Aspirin-induced asthma in. Y Tan and C Collins-Williams. 1

Children, Interferon-induced suppression of in vitro IgE biosynthesis in asthmatic. (a communication from the Republic of China) Kue-Hsiung Hsieh. 302

Children, Ketotifen: a new drug for prophylaxis of asthma in. F Estelle R Simons, George H Luciuk, Allan B Becker and Cathy A Gillespie. 145

Children, Study of immunological changes after hyposensitization in house dust sensitive. (a communication from the Republic of China) Kue-Hsiung Hsieh. 25

INDEX TO VOLUME 48, 1982

Children, Use of serum theophylline determinations during acute asthma therapy in. Gregory L Kearns, Thomas J Fischer and Robert H Hunter. 71

Children with or without atopic eczema and normals, Study of T-cell subpopulations defined by monoclonal antibodies in asthmatic. (a communication from Republic of China) Kue-Hsiung Hsieh. 345

Chobanian, Susan L, Allen Cato, J Greg Perking and Lyle H Hamilton: A study of sustained action pseudoephedrine in allergic rhinitis. 87

Chronic urticaria and vasculitis. Peter Small, Doreen Barrett and Eunice Champlin. 172

Chu, M, H Yabuuchi, K Tomita and T Ikeda: Active E rosette-forming cells in children with asthma and other atopic disease. (a communication from Japan) 103

Church, Joseph A and Carol Nye: The effects of in vitro antigen exposure upon suppressor cell function in atopic disease. 199

Church, Joseph A and Warren Richards: An allergy-clinical immunology training program for pediatric residents. 227

Church, Joseph A, Lawrence J Newman and Warren Richards: Isoetharine-isoproterenol: a comparison of effects in childhood status asthmaticus. 230

Cimetidine-theophylline interaction: report of four patients. (case report) Jay H Bauman, Bruce J Kimelblatt, Thomas R Caraccio, Harold M Silverman, Gilbert I Simon and Gustav J Beck. 100

Clark, Harold W, Thomas McP Brown, Joseph A Bellanti, Wagdi M Attia, Amira H Shams, Mona K H Ali and Liu W Jang: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283

Clark, Harold W, Thomas McP Brown, Joseph A Bellanti, Wagdi M Attia, Amira H Shams and Mona K H Ali: Studies of phagocytic cell function in rheumatoid arthritis. I. Phagocytic and metabolic activities of neutrophils. 279

Clark, Harold W, Thomas McP Brown, Mona K H Ali, Joseph A Bellanti and Wagdi M Attia: Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. 21

Clarke, P S, R G Jarrett and G J L Hall: The protective effect of Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and histamine. (a communication from Australia) 180

Clinical impact of the discovery of IgE. S G O Johansson and Hans H Bennich. 325

Clinical significance of volume-adjusted macimal mid-expiratory flow (Iso-volume FEF 25–75%) in assessing airway responsiveness to hinaled bronchodilator in asthmatics, The. Peter B Boggs, Krishna D Bhat, William A Vekovius and Mickie S Debo. 139

Co, F J Farrerons, M Farrerons Velasco and F Echevarne: The role of catecholamines in specific hyposensitization. (a communication from Spain) 340

Cockroft, D W: Acquired persistent increase in nonspecific bronchial reactivity associated with isocyanate exposure. (case report) 93

Coifman, Robert E: Peak flowmeter and spirometer mouthpieces as expansion chambers for metered dose aerosols. 272

Collins-Williams, C, and Y Tan: Aspirin-induced asthma in children. 1

Comparative study of the incidence of indoor and outdoor mold spores in Bangkok, Thailand, A. (a communication from Thailand) Chaweewan Bunnag, Boonchua Dhorranintra and Angkana Plangpatanapanichya. 333

Comparison of skin and bronchial reactivity in asthmatic patients using single, group related and unrelated antigen mixtures, A. Edward G Buchsbaum, James L Kinney and William B Klaustermeyer. 267

Comparison of three prick test methods with the intradermal test and with the RAST in the diagnosis of mite allergy. (a communication from France) Jean L Menard, Jean Bousquet and Francois R Michel. 235

Continuous and intermittent running in the provocation of asthma. (a communication from Australia) Alan R Morton, Allan G Hahn and Kenneth D Fitch. 123

Cornelli, Umberto, Mauro Bellani, Elide Pastorello, Carlo Zanussi and Claudio Ortolani: Sodium cromoglycate and provocation tests in chronic urticaria. (a communication from Italy) 50

Corre, Kenneth A and Robert J Rothstein: Anaphylactic reaction to zomepirac. (case report) 299

Coulson, Anne H, Roger M Katz, Roger Detels, Sheldon C Siegel, Gary S Rachelefsky and Ron G Frezieres: Response of individuals with reactive airway disease to sulfates and other atmospheric pollutants. 156

Crawford, Lloyd V, Phillip L Lieberman, Michael S Blaiss and Henry G Herrod: Beclomethasone dipropionate aerosol: hematologic and immunologic effects. 210

Creter, Draga and David Allalouf: Kallikrein and prekallikrein determination in a number of pathological conditions using the Centrifichem analyzer. (a communication from Israel) 349

Curran, James F, A Arthur Sugerman and D Loren Southern: A study of antibody levels in alcoholic, depressive and schizophrenic patients. 166

Cystic fibrosis, Oral theophylline disposition in. J W Georgitis, H Eigen, R Warner and M A Gonzales. 175

D

Debo, Mickie S, Peter B Boggs, Krishna D Bhat and William A Vekovius: The clinical significance of volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%) in assessing airway responsiveness to inhaled bronchodilator in asthmatics. 139

Debo, Mickie S, Peter B Boggs, Krishna D Bhat and William A Vekovius: Volume-adjusted maximal

mid-expiratory flow (Iso-volume FEF 25–75%): definition of "significant" responsiveness in healthy, normal subjects. 137
Dehli: seasonal periodicity, Survey of atmospheric pollen allergens in. (a communication from India) A B Singh and C R Babu. 115
Depot-corticosteroid on the nasal mucosa in allergic rhinitis, Effects of intramuscular. (a communication from Saudi Arabia) Abdul Aziz Ashoor and Mumtazuddin Ahmed. 184
Depressive and schizophrenic patients, A study of antibody levels in alcoholic. A Arthur Sugerman, D Loren Southern and James F Curran. 166
Detels, Roger, Sheldon C Siegel, Gary S Rachelefsky, Ron G Frezieres, Anne H Coulson and Roger M Katz: Response of individuals with reactive airway disease to sulfates and other atmospheric pollutants. 156
Dhorranintra, Boonchua, Angkana Plangpatanapanichya and Chaweewan Bunnag: A comparative study of the incidence of indoor and outdoor mold spores in Bangkok, Thailand. (a communication from Thailand) 333
Dinitrochlorobenzene (DNCB) sensitization test, Studies on the. (a communication from Japan) Yukie Niwa, Hayato Niwa, Jinroh Kohmura, David W Ou and M Mitsuo Yokoyama. 108
Diphenylhydantoin-induced hepatitis. (case report) Stanislaus Ting and E H Dunsky. 331
Docknorn, Robert J, and Charles J Siegel: An evaluation of childhood rhinorrhea. 9
Dunsky, E H and Stanislaus Ting: Diphenylhydantoin-induced hepatitis. (case report) 331

E

ECG ink, Bronchial asthma following exposure to. (a communication from Belgium) (case report) D Rodenstein and D C Stanescu. 351
Echevarne, F, F J Farrerons Co and M Farrerons Velasco: The role of catecholamines in specific hyposensitization. (a communication from Spain) 340
Eczema and normals, Study of T-cell subpopulations defined by monoclonal antibodies in asthmatic children with or without atopic. (a communication from the Republic of China) Kue-Hsiung Hsieh. 345
Effect of oral terbutaline on exercise-induced asthma. R Michael Sly and Sean R O'Brien. 151
Effect of venom skin testing on venom RAST titers, The. Richard L Green and Macy I Levine. 143
Effects of intramuscular depot-corticosteroid on the nasal mucosa in allergic rhinitis. (a communication from Saudi Arabia) Abdul Aziz Ashoor and Mumtazuddin Ahmed. 184
Effects of in vitro antigen exposure upon suppressor cell function in atopic disease, The. Joseph A Church and Carol Nye. 199
Eigen, H, R Warner, M A Gonzales and J W Georgitis: Oral disposition in cystic fibrosis. 175
English plantain, Serum IgE antibodies to psyllium in individuals allergic to psyllium and. (case report) S Rosenberg, R Landay, S D Klotz and P Fireman. 294
E rosette-forming cells in children with asthma and other atopic disease, Active. (a communication from Japan) K Tomita, T Ikeda, M Chu and H Yabuuchi. 103
An evaluation of childhood rhinorrhea. Charles J Siegel and Robert J Dockhorn. 9
Evaluation of skin test response using two techniques of measurement. Gordon L Sussman, Robert P Harvey and Alan L Schocket. 75
Exercise-induced asthma by fenoterol delivered as inhalation powder and pressurized aerosol, Pretreatment of. (a communication from Denmark) Allan Bundgaard and Anders Schmidt. 36
Exercise-induced asthma, Effect of oral terbutaline on. R Michael Sly and Sean R O'Brien. 151
Expansion chambers for metered dose aerosols, Peak flowmeter and spirometer mouthpieces as. Robert E Coifman. 272
Extrinsic allergic alveolitis due to milk allergy: case report and review of the literature. (a communication from India) (case report) Anbu Chetty 113
A face lift. (editorial) Fred Miller, Jr. 53

F

Fenoterol delivered as inhalation powder and pressurized aerosol, Pretreatment of exercise-induced asthma by. (a communication from Denmark) Allan Bundgaard and Anders Schmidt. 36
Fireman, P, S Rosenberg, R Landay and S D Klotz: Serum IgE antibodies to psyllium in individuals allergic to psyllium and English plantain. (case report) 294
Fischer, Thomas J, Margaret M Riordan and Matthew C Wilson: Isolated IgG hypogammaglobulinemia in acrodermatitis enteropathica: correction with zinc therapy. (case report) 288
Fischer, Thomas J, Robert H Hunter and Gregory L Kearns: Use of serum theophylline determinations during acute asthma therapy in children. 71
Fitch, Kenneth D, Alan R Morton and Allan G Hahn: Continuous and intermittent running in the provocation of asthma. (a communication from Australia) 123
Fluocortin butylester (FCB) in the nasal antigen provocation test: a controlled double-blind, crossover study, The protective action of. (a communication from Austria and West Germany) F Horak and H Mathes. 305
Food additives and hyperkinesis, Is there any relationship between? Arie Ribon and Subhash Joshi. 275

Freed, D L J and R Carter: Neuropathy due to monosodium glutamate intolerance. (case report) 96
Frequency of clinical isolation and winter prevalence of different aspergillus species at a large southwestern army medical center. Michel N Laham, Betty Jeffery and John L Carpenter. 215
Frezieres, Ron G, Anne H Coulson, Roger M Katz, Roger Detels, Sheldon C Siegel and Gary S Rachelefsky: Response of individuals with reactive airway disease to sulfates and other atmospheric pollutants. 156
Friedman, Carl J, Edward J Lesnefsky and Steven R Ross: Near fata bronchospasm induced by zomepirac sodium. (case report) 233
Fries, Joseph H: Peanuts: allergic and other untoward reactions. 220
Fruchter, Lazar, Jack Gorvoy, Allan Abramson and Edward Wind: Recurrent mucoid impaction in an asthmatic infant with cow's milk protein allergy. (case report) 292
Further study on the role of active T lymphocytes in human immunity to tuberculosis infection. (a communication from the Republic of China) Kue-Hsiung Hsieh and Rhong-Fa Cheng. 187

G

Garcia-Calderon, J V, P A Garcia-Calderon, E Valverde, J M Vich and J Huguet: T-lymphocytes and nonspecific T-suppressor activity in patients with extrinsic asthma. (a communication from Spain) 32
Garcia-Calderon, P A, E Valverde, J M Vich, J Huguet, and J V Garcia-Calderon: T-lymphocytes and T-suppressor activity in patients with extrinsic asthma. (a communication from Spain) 32
Georgitis, J W, H Eigen, R Warner and M A Gonzales: Oral theophylline disposition in cystic fibrosis. 175
Gillespie, Cathy A, F Estelle R Simons, George H Luciuk and Allan B Becker: Ketotifen: a new drug for prophylaxis of asthma in children. 145
Gonzales, M A, J W Georgitis, H Eigen and R Warner: Oral disposition in cystic fibrosis. 175
Gorvoy, Jack, Allan Abramson, Edward Wind and Lazar Fruchter: Recurrent mucoid impaction in an asthmatic infant with cow's milk protein allergy. (case report) 292
Green, Richard L and Macy I Levine: The effect of venom skin testing on venom RAST titers. 143

H

Haddad, Zack H and Richard Sakai: Massive accidental theophylline ingestion: linear first order elimination kinetics in an infant. (case report) 178
Hahn, Allan G, Kenneth D Fitch and Alan R Morton: Continuous and intermittent running in the provocation of asthma. (a communication from Australia) 123
Hairdressers, Immediate type I asthmatic response to henna following occupational exposure in. (case report) John C Starr, John Yunginger and George W Brasher. 98
Hall, G J L, P S Clarke and R G Jarrett: The protective effect of Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and histamine. (a communication from Australia) 180
Hamilton, Lyle H, Susan L Chobanian, Allen Cato and J Greg Perkins: A study of sustained action pseudoephedrine in allergic rhinitis. 87
Harvey, Robert P, Alan L Schocket and Gordon L Sussman: Evaluation of skin test response using two techniques of measurement. 75
Hematologic and immunologic effects, Beclomethasone dipropionate aerosol: Michael S Blaiss, Henry G Herrod, Lloyd V Crawford and Phillip L Lieberman. 210
Henna following occupational exposure in hairdressers, Immediate type I asthmatic response to. (case report) John C Starr, John Yunginger and George W Brasher. 98
Hepatitis, Diphenylhydantoin-induced. (case report) Stanislaus Ting and E H Dunsky. 331
Herbert, Frank A, and Mark L Salkie: Sensitivity to hymenoptera in adult males. 12
Herrod, Henry G, Lloyd V Crawford, Phillip L Lieberman and Michael S Blaiss: Beclomethasone dipropionate aerosol: hematologic and immunologic effects. 210
Histamine, The protective effect of Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and. (a communication from Australia) P S Clarke, R G Jarrett and G J L Hall.180
Hoffman, Donald R and Chris A McDonald: Allergens in hymenoptera venom. VIII. Immunologic comparison of venoms from six species of Vespula (yellow jackets). 78
Hoffman, Donald R and Chris A McDonald: Allergens in hymenoptera venom. IX. Species specificity to Polistes (paper wasp) venoms. 82
Horak, F and H Matthes: The protective action of fluocortin butylester (FCB) in the nasal antigen provocation test: a controlled double-blind, crossover study. (a communication from Austria and West Germany) 305
House dust, Allergens in commercial. Lyndon E Mansfield and Harold S Nelson. 205
House dust sensitive children, Study of immunological changes after hyposensitization in. (a communication from the Republic of China) Kue-Hsiung Hsieh. 25
Hsieh, Kue-Hsiung: Interferon-induced suppression of in vitro IgE biosynthesis in asthmatic children. (a communication from the Republic of China) 302

INDEX TO VOLUME 48, 1982

Hsieh, Kue-Hsiung: Study of immunological changes after hyposensitization in house dust sensitive children. (a communication from the Republic of China) 25

Hsieh, Kue-Hsiung: Study of T-cell subpopulations defined by monoclonal antibodies in asthmatic children with or without atopic eczema and normals. (a communication from the Republic of China) 345

Hsieh, Kue-Hsiung and Rhong-Fa Cheng: Further study on the role of active T lymphocytes in human immunity to tuberculosis infection. (a communication from the Republic of China) 187

Hughes, Daniel, Catherine Mindorff and Henry Levison: The immediate effect of sodium cromoglycate on the airway. 6

Huguet, J, J V Garcia-Calderon, P A Garcia-Caldreon, E Valverde and J M Vich: T-lymphocytes and nonspecific T-suppressor activity in patients with extrinsic asthma. (a communication from Spain) 32

Hunter, Robert H, Gregory L Kearns and Thomas J Fischer: Use of serum theophylline determinations during acute asthma therapy in children. 71

Hymenoptera in adult males, Sensitivity to. Frank A Herbert and Mark L Salkie. 12

Hymenoptera venom. VIII. Immunologic comparison of venoms from six species of Vespula (yellow jackets), Allergens in. Donald R Hoffman and Chris A McDonald. 78

Hymenoptera venom. IX. Species specificity to Polistes (paper wasp) venoms, Allergens in. Donald R Hoffman and Chris A McDonald. 82

Hyperkinesis, Is there any relationship between food additives and. Arie Ribon and Subhash Joshi. 275

Hyperventilation and the inhalation of allergen, Methacholine and histamine, The protective effect of Ipratropium bromide aerosol against bronchospasm induced by. (a communication from Australia) P S Clarke, R G Jarrett and G J L Hall. 180

Hypogammaglobulinemia in acrodermatitis enteropathica: correction with zinc therapy, Isolated IgG. (case report) Matthew C Wilson, Thomas J Fischer and Margaret M Riordan. 288

I

IgE and mechanisms of IgE-mediated hypersensitivity. Teruko Ishizaka. 318

IgE antibodies to psyllium in individuals allergic to psyllium and English plantain, Serum. (case report) S Rosenberg, R Landay, S D Klotz and P Fireman. 294

IgE biosynthesis in asthmatic children, Interferon-induced suppression of in vitro. (a communication from the Republic of China) Kue-Hsiung Hsieh. 302

IgG hypogammaglobulinemia in acrodermatitis enteropathica: correction with zinc therapy, Isolated. (case report) Matthew C Wilson, Thomas J Fischer and Margaret M Riordan. 288

IgE response, Possible approaches to turn off the. Kimishige Ishizaka. 313

IgE, The clinical impact of the discovery of. S G O Johansson and Hans H Bennich. 325

Ikeda, T, M Chu, H Yabuuchi and K Tomita: Active E rosette-forming cells in children with asthma and other atopic disease. (a communication from Japan) 103

Immediate effect of sodium cromoglycate on the airway, The. Daniel Hughes, Catherine Mindorff and Henry Levison. 6

Immediate type I asthmatic response to henna following occupational exposure in hairdressers. (case report) John C Starr, John Yunginger and George W Brasher. 98

Immunity to tuberculosis infection, Further study on the role of active T lymphocytes in human. (a communication from the Republic of China) Kue-Hsiung Hsieh and Rhong-Fa Cheng. 187

In memoriam. Benjamin F Feingold. 353

In memoriam. Paul T Petit. 353

Infant, Massive accidental theophylline ingestion: linear first order elimination kinetics in an. (case report) Zack H Haddad and Richard Sakai. 178

Inhibition of polymorphonuclear leukocyte migration by sera of patients with rheumatoid arthritis. Wagdi M Attia, Harold W Clark, Thomas McP Brown, Mona K H Ali and Joseph A Bellanti. 21

Inhibitory effect of isoproterenol and dibutyryl cyclic-AMP on the immediate skin reaction, The. (a communication from Japan) Tetsuhiro Ohmi, Suetsugu Mue, Makoto Takahashi, Masaharu Ishihara, Gen Tamura and Tamotsu Takishima. 40

Interferon-induced suppression of in vitro IgE biosynthesis in asthmatic children. (a communication from the Republic of China) Kue-Hsiung Hsieh. 302

Intradermal test and with the RAST in the diagnosis of mite allergy, Comparison of three prick test methods with the. (a communication from France) Jean L Menard, Jean Bousquet and Francois R Michel. 235

Intramuscular deopt-corticosteroid on the nasal mucosa in allergic rhinitis, Effects of. (a communication from Saudi Arabia) Abdul Aziz Ashoor and Mumtazuddin Ahmed. 184

In vitro antigen exposure upon suppressor cell function in atopic disease, The effects of. Joseph A Church and Carol Nye. 199

Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and histamine, The protective effect of. (a communication from Australia) P S Clarke, R G Jarrett and G J L Hall. 180

Ishihara, Masaharu, Gen Tamura, Tamotsu Takishima, Tetsuhiro Ohmi, Suetsugu Mue and Makoto Takahashi: The inhibitory effect of isoproterenol and dibutyryl cyclic-AMP on the immediate skin reaction. (a communication from Japan) 40

INDEX TO VOLUME 48, 1982

Ishihara, Toshiharu, Kazuo Watanabe, Tamotsu Takishima, Suetsugu Mue and Gen Tamura: The bronchodilating effect of acupuncture in patients with acute asthma. (a communication from Japan) 44

Ishizaka, Kimishige: Possible approaches to turn off the IgE response. 313

Ishizaka, Teruko: IgE and mechanisms of IgE-mediated hypersensitivity. 318

Isocyanate exposure, Acquired persistent increase in nonspecific bronchial reactivity associated with. (case report) D W Cockroft. 93

Isoetharine-isoproterenol: a comparison of effects in childhood status asthmaticus. Lawrence J Newman, Warren Richards and Joseph A Church. 230

Isolated IgG hypogammaglobulinemia in acrodermatitis enteropathica: correction with zinc therapy. (case report) Matthew C Wilson, Thomas J Fischer and Margaret M Riordan. 288

Isoproterenol: a comparison of effects in childhood status asthmaticus, Isoetharine-. Lawrence J Newman, Warren Richards and Joseph A Church. 230

Isoproterenol and dibutyryl cyclic-AMP on the immediate skin reaction, The inhibitory effect of. (a communication from Japan) Tetsuhiro Ohmi, Suetsugu Mue, Makoto Takahashi, Masaharu Ishihara, Gen Tamura and Tamotsu Takishima. 40

Is there any relationship between food additives and hyperkinesis? Arie Ribon and Subhash Joshi. 275

J

Jang, Liu W, Harold W Clark, Thomas MCP Brown, Joseph A Bellanti, Wagdi M Attia, Amira H Shams and Mona K H Ali: Studies of phagocytic functions in rheumatoid arthritis. II. Effects of serum factors on phagocytic and metabolic activities of neutrophils. 283

Jarrett, R G, G J L Hall and P S Clarke: The protective effect of Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen, Methacholine and histamine. (a communication from Australia) 180

Jeffery, Betty, John L Carpenter and Michel N Laham: Frequency of clinical isolation and winter prevalence of different aspergillus species at a large southwestern army medical center. 215

Johansson, S G O and Hans H Bennich: The clinical impact of the discovery of IgE. 325

Joshi, Subhash and Arie Ribon: Is there any relationship between food additives and hyperkinesis? 275

K

Kallikrein and prekallikrein determination in a number of pathological conditions using the Centrifichem analyzer. (a communication from Israel) Draga Creter and David Allalouf. 349

Katz, Roger M, Roger Detels, Sheldon C Siegel, Gary S Rachelefsky, Ron G Frezieres and Anne H Coulson: Response of individuals with reactive airway disease to sulfates and other atmospheric pollutants. 156

Kearns, Gregory L, Thomas J Fischer and Robert H Hunter: Use of serum theophylline determinations during acute asthma therapy in children. 71

Ketotifen: a new drug for prophylaxis of asthma in children. F Estelle R Simons, George H Luciuk, Allan B Becker and Cathy A Gillespie. 145

Kimelblatt, Bruce J, Thomas R Caraccio, Harold M Silverman, Gilbert I Simon, Gustav J Beck and Jay H Bauman: Cimetidien-theophylline interaction: report of four patients. (case report) 100

Kinney, James L, William B Klaustermeyer and Edward G Buchsbaum: A comparison of skin and bronchial reactivity in asthmatic patients using single, group related and unrelated antigen mixtures. 267

Klaustermeyer, William B, Edward G Buchsbaum and James L Kinney: A comparison of skin and bronchial reactivity in asthmatic patients using single, group related and unrelated antigen mictures. 267

Klotz, S D, P Fireman, S Rosenberg and R Landay: Serum IgE antibodies to psyllium in individuals allergic to psyllium and English plantain. (case report) 294

Kohmura, Jinroh, David W Ou, M Mitsuo Yokoyama, Yukie Niwa and Hayato Niwa: Studies on the dinitrochlorobenzene (DNCB) sensitization test. (a communication from Japan) 108

L

Laham, Michel N, Betty Jeffery and John L Carpenter: Frequency of clinical isolation and winter prevalence of different aspergillus species at a large southwestern army medical center. 215

Landay, R, S D Klotz, P Fireman and S Rosenberg: Serum IgE antibodies to psyllium in individuals allergic to psyllium and English plantain. (case report) 294

Lesnefsky, Edward J, Steven R Ross and Carl J Friedman: Near fatal bronchospasm induced by zomepirac sodium. (case report) 233

Leukocyte migration by sera of patients with rheumatoid arthritis, Inhibition of polymorphonuclear. Wagdi M Attia, Harold W Clark, Thomas McP Brown, Mona K H Ali and Joseph A Bellanti. 21

Levine, Macy I and Richard L Green: The effect of venom skin testing on venom RAST titers. 143

Levison, Henry, Daniel Hughes and Catherine Mindorff: The immediate effect of sodium cromoglycate on the airway. 6

Liberman, Phillip L, Michael S Blaiss, Henry G Herrod and Lloyd V Crawford: Beclomethasone dipropionate aerosol: hematologic and immunologic effects. 210

Littner, Michael R, Donald P Tashkin, Barry Calvarese and Margarita Bautista: Acute bronchial and cardiovascular effects of increasing doses of pirbuterol acetate aerosol in asthma. 14

Luciuk, George H, Allan B Becker, Cathy A Gillespie and F Estelle R Simons: Ketotifen: a new drug for prophylaxis of asthma in children. 145

Lymphocytes in human immunity to tuberculosis infection, Further study on the role of active T. (a communication from the Republic of China) Kue-Hsiung Hsieh and Rhong-Fa Cheng. 187

M

Mansfield, Lyndon E and Harold S Nelson: Allergens in commercial house dust. 205

Massive accidental theophylline ingestion: linear first order elimination kinetics in an infant. (case report) Zack H Haddad and Richard Sakai. 178

Matthes, H and F Horak: The protective action of fluocortin butylester (FCB) in the nasal antigen provocation test: a controlled double-blind, crossover study. (a communication from Austria and West Germany) 305

McDonald, Chris A and Donald R Hoffman: Allergens in hymenoptera venom. VIII. Immunologic comparison of venoms from six species of Vespula (yellow jackets). 78

McDonald, Chris A and Donald R Hoffman: Allergens in hymenoptera venom. IX. Species specificity to Polistes (paper wasp) venoms. 82

Menard, Jean L, Jean Bousquet and Francois R Michel: Comparison of three prick test methods with the intradermal test and with the RAST in the diagnosis of mite allergy. (a communication from France) 235

Methacholine and histamine, The protective effect of Ipratropium bromide aerosol against bronchospasm induced by hyperventilation and the inhalation of allergen. (a communication from Australia) P S Clarke, R G Jarrett and G J L Hall. 180

Michel, Francois R, Jean L Menard and Jean Bousquet: comparison of three prick test methods with the intradermal test and with the RAST in the diagnosis of mite allergy. (a communication from France) 235

Milk allergy: case report and review of the literature, Extrinsic allergic. (a communication from India) (case report) 113

Milk protein allergy, Recurrent mucoid impaction in an asthmatic infant with cow's. (case report) Lazar Fruchter, Jack Gorvoy, Allan Abramson and Edward Wind. 292

Miller, Fred, Jr. A face lift (editorial) 53

Mindorff, Catherine, Henry Levison and Daniel Hughes: The immediate effect of sodium cromoglycate on the airway. 6

Mite allergy, Comparison of three prick test methods with the intradermal test and with the RAST in the diagnosis of. (a communication from France) Jean L Menard, Jean Bousquet and Francois R Michel. 235

Mold spores in Bangkok, Thailand, A comparative study of the incidence of indoor and outdoor. (a communication from Thailand) Chaweewan Bunnag, Boonchua Dhorranintra and Angkana Plangpatanapanichya. 333

Monosodium glutamate intolerance, Neuropathy due to. (case report) D L J Freed and R Carter. 96

Morton, Alan R, Allan G Hahn and Kenneth D Fitch: Continuous and intermittent running in the provocation of asthma. (a communication from Australia) 123

Mucoid impaction in an asthmatic infant with cow's milk protein allergy, Recurrent. (case report) Lazar Fruchter, Jack Gorvoy, Allan Abramson and Edward Wind. 292

Mue, Suetsugu, Gen Tamura, Toshiharu Ishihara, Kazuo Watanabe and Tamotsu Takishima: The bronchodilating effect of acupuncture in patients with acute asthma. (a communication from Japan) 44

Mue, Suetsugu, Makoto Takahashi, Masaharu Ishihara, Gen Tamura, Tamotsu Takishima and Tetsuhiro Ohmi: The inhibitory effect of isoproterenol and dibutyryl cyclic-AMP on the immediate skin reaction. (a communication from Japan) 40

N

Nasal antigen provocation test: a controlled double-blind, crossover study, The protective action of fluocortin butylester (FCB) in the. (a communication from Austria and West Germany) F Horak and H Matthes. 305

Valverde, E, J M Vich, J Huguet, J V Garcia-Calderon and P A Garcia-Calderon: T-lymphocytes and nonspecific T-suppressor activity in patients with extrinsic asthma. (a communication from Spain) 32

Vasculitis, Chronic urticaria and. Peter Small, Doreen Barrett and Eunice Champlin. 172

Vekovius, William A, Mickie S Debo, Peter B Boggs and Krishna D Bhat: The clinical significance of volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25-75%) in assessing airway responsiveness to inhaled bronchodilator in asthmatics. 139

Vekovius, William A, Micke S Debo, Peter B Boggs and Krishna D Bhat: Volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%): definition of "significant" responsiveness in healthy, normal subjects. 137

Velasco, M Farrerons, F Echevarne and F J Farrerons Co: The role of catecholamines in specific hyposensitization. (a communication from Spain) 340

Venoms, Allergens in hymenoptera venom. IX. Species specificity to Polistes (paper wasp). Donald R Hoffman and Chris A McDonald. 82

Venoms from six species of Vespula (yellow jackets), Allergens in hymenoptera venom. VIII. Immunologic

comparison of. Donald R Hoffman and Chris A McDonald. 78
Venom skin testing on venom RAST titers, The effect of. Richard L Green and Macy I Levine. 143
Vich, J M, J Huguet, J V Garcia-Calderon, P A Garcia-Calderon and E Valverde: T-lymphocytes and nonspecific T-suppressor activity in patients with extrinsic asthma. (a communication from Spain) 32
Volume-adjusted maximal mid-expiratory flow (Iso-volume FEF 25–75%): definition of "significant" responsiveness in healthy, normal subjects. Peter B Boggs, Krishna D Bhat, William A Vekovius and Mickie S Debo. 137
Vespula (yellow jackets), Allergens in hymenoptera venom. VIII. Immunologic comparison of venoms from six species of. Donald R Hoffman and Chris A McDonald. 78

W

Warner, R, M A Gonzales, J W Georgitis and H Eigen: oral disposition in cystic fibrosis. 175
Watanabe, Kazuo, Tamotsu Takishima, Suetsugu Mue, Gen Tamura and Toshiharu Ishihara: The bronchodilating effect of acupuncture in patients with acute asthma. (a communication from Japan) 44
Wilson, Matthew C, Thomas J Fischer and Margaret M Riordan: Isolated IgG hypogammaglobulinemia in acrodermatitis enteropathica: correction with zinc therapy. (case report) 288
Wind, Edward, Lazar Fruchter, Jack Gorvoy and Allan Abramson: Recurrent mucoid impaction in an asthmatic infant with cow's milk protein allergy. (case report) 292
Winter prevalence of different aspergillus species at a large southwestern army medical center, Frequency of clinical isolation and. Michel N Laham, Betty Jeffery and John L Carpenter. 215

Y

Yabuuchi, H, K Tomita, T Ikeda and M Chu: Active E rosette-forming cells in children with asthma and other atopic disease. (a communication from Japan) 103
Yokoyama, M Mitsuo, Yukie Niwa, Hayato Niwa, Jinroh Kohmura and David W Ou: Studies on the dinitrochlorobenzene (DNCB) sensitization test. (a communication from Japan) 108
Yunginger, John, George W Brasher and John C Starr: Immediate type I asthmatic response to henna following occupational exposure in hairdressers. (case report) 98

Z

Zanussi, Carlo, Claudio Ortolani, Umberto Cornelli, Mauro Bellani and Elide Pastorello: Sodium cromoglycate and provocation tests in chronic urticaria. (a communication from Italy) 50
Zinc therapy, Isolated IgG hypogammaglobulinemia in acrodermatitis enteropathica: correction with. (case report) Matthew C Wilson, Thomas J Fischer and Margaret M Riordan. 288
Zomepirac, Anaphylactic reaction to. (case report) Kenneth A Corre and Robert J Rothstein. 299
Zomepirac sodium, Near fata bronchospasm induced by. (case report) Steven R Ross, Carl J Friedman and Edward J Lesnefsky. 233
